

Samir and Samira—Life in the Mare favelo in Rio, Brazil

Using the photos and captions, decide where in Maré favela you would be most likely to do or find the following:

Where would you be most likely to...	School	Shop	Library	Home	Street
feel safe					
ride a bike					
do homework					
be with a parent					
go every day					
buy groceries					
have fun					

Next, think of your own life. Draw your house in the middle of a piece of paper. Around the house, draw/label the places where you feel safe (e.g. school, grandparent's house) and also the places that you are able to visit safely (e.g. the park, the swimming pool, Brownies etc) Try to create a simple picture map.
