Restorative Practice

The school uses Restorative Practice strategies to resolve fallings out and to encourage personal responsibility to such situations.

These questions are key when responding to challenging behaviour:

- What happened?
- What was going through your mind at the time?
- What has been on your mind since then?
- Who has been affected by your actions?
- How has it affected you?
- What do you think that you need to do to make up for your actions?

The aim of the following questions is to help those who were affected by the actions of others:

- What did you think when you realised what had happened?
- What has been on your mind since then?
- How has this affected you and others?
- What was the most difficult thing for you?
- In your opinion, what do you need to do to make up for your actions?
